

Storytelling and Systems Thinking Training

Learn how to tell your story to key stakeholders

Learn how to tell an appealing story by sharpening your structured thinking and communications. Recognize different communication styles, and gain familiarity to adapt your communications to stakeholder preferences. Adapt messages to your audience, balancing head and heart. Bring a logical structure to your story. Learn how to handle disagreements, interactions, resistance, and engagement gracefully.

Training days

Every training day starts at 9 AM and ends at 1 PM (Brussels Time). For this training, the self-paced learning period starts two weeks before the start date.
